"I strongly support traditional marriage."

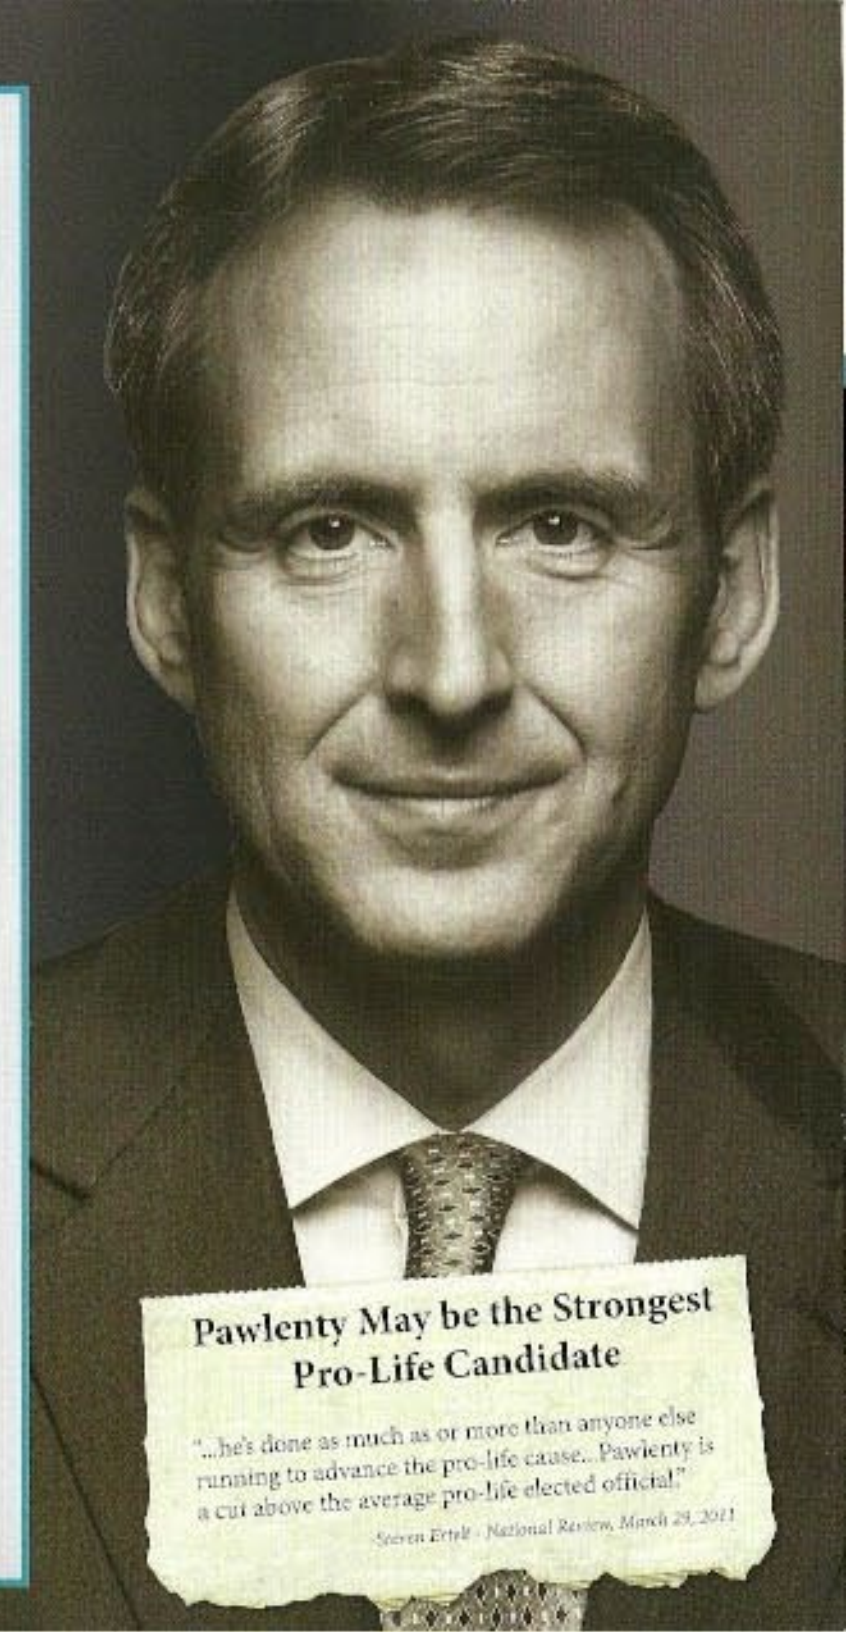

"At a young age, I learned to rely on my faith in God, in challenging times and at all times. Now, faith in Jesus is the bedrock of my marriage to Mary. In fact, twenty-three years later, we still worship at the same church with our two teenaged daughters. The Bible teaches us that marriage is ordained by God to be between a man and a woman (Genesis 2:21-24; Matthew 19:4-6). I have always supported traditional marriage and I always will."

"As a Christian, I know we must protect innocent life."

"I have been a strong and consistent supporter of innocent life throughout my time in public service. I signed into law four bills to help protect the unborn. As Governor of a Democrat majority state, I championed efforts to promote a culture of life in Minnesota. In fact, the number of abortions in Minnesota are today at a 35-year low and the number of abortions in Minnesota dropped 14 percent. As President, I will appoint conservative strict constructionists to the U.S. Supreme Court."

"I want to go to Washington and fight for our traditional values as President of the United States."

Pawlenty May be the Strongest Pro-Life Candidate

"...he's done as much as or more than anyone else running to advance the pro-life cause. Pawlenty is a cut above the average pro-life elected official."
